

# IMAGINE

AND THEN COME TO US  
TO BRING ALL YOUR  
IDEAS TO LIFE.

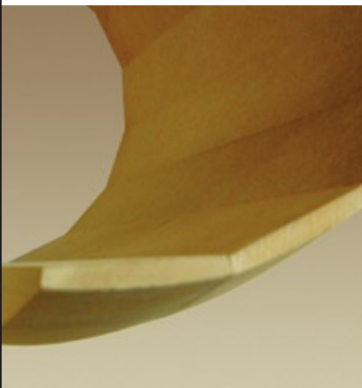

CNC routing and etching.  
High-tech merges with the art world.

PACIFIC LASER ETCH INC.

# HAVE AN IDEA? LET US BRING IT TO LIFE.

Our state-of-the-art computer technology (CNC) laser and router work merges high-tech with the art world. Granite, marble, slate, metals, glass, acrylic and wood are our canvas. Lasers and router technology are our paint brush. The result? Beautiful, accurate renderings of art and design applied to architectural design, corporate logos, promotions and memorabilia.
